Mobile PET scanner update

On May 18, renovations began at Onslow Memorial Hospital to fulfill the necessary requirements to accept a mobile PET scanner. The project is expected to reach completion by the end of July.

The mobile PET scanner allows oncologists to determine whether a patient's tumor has metastasized, which simply means to see whether the cancer cells have spread to other organs of the body. The unit will provide services to six patients every other Sunday.

The sponsors from Cowboy Up! helped to provide these necessary renovations that were essential in bringing this advanced technology to Onslow County to better serve our local cancer patients and their families! Thank you again for your support.

Changes to Foundation website

The Onslow Memorial Hospital Foundation has made some significant changes to its website to create a more user-friendly environment. You now have the option to view galleries of pictures from the past fund-raising events, including Cowboy Up!, Key West Island Fest, and M*A*S*H Bash. Checkout www.onslow.org/Foundation to see if your snapshot made the cut!

Do you wish to receive the quarterly OMH Foundation newsletter, The Contributor, in electronic format? You now have that option! Go to www.onslow.org/Foundation to sign up.

We have also included a donor recognition page that includes cumulative donations to Onslow Memorial Hospital Foundation. If there are any updates or changes to recognition names, please contact Ashley Hayes at ashley.hayes@onslow.org or (910) 577-2651.

Have you made a donation to OMH since 1944?
